

Josephine Girandi, RN, BSN, CDONA

Vice President of Clinical
Operations

Josephine is the Vice President of Clinical Services for ML Healthcare where she provides superior hands on leadership for our clinical professionals.

ML Healthcare

Josephine graduated with a Bachelor of Science in Nursing degree – Cum Laude from the Philippines. Josephine has been providing clinical services to the post-acute industry for over 30 years and has served multiple capacities during this time including management and director positions. During her time, Josephine has been instrumental in elevating and excelling in the clinical outcomes for the healthcare operations she serves. Josephine has also served in a regional clinical management role where she oversaw the clinical services of 12 skilled nursing and rehabilitation centers.

Josephine's goals and aspirations are to provide quality nursing care and to lead a team of the best clinical professionals. Josephine believes in education and hands on style in leadership to reach the goal to success. She believes in mentoring and training effective leaders in the industry.
