

ML Healthcare

Kendall is a passionate Talent Acquisition leader responsible for enterprise strategy, executive and corporate recruiting. She is a Senior Level business professional with over a decade of experience leading and directing statewide, regional and national-based talent acquisitions teams. She provides solution-focused business philosophy centered on adding value to ML Healthcare by partnering with internal and external clients to build and maintain cohesive relationships that drive profitability and quality of care.

Kendall is an accomplished strategic human resource executive with a Master of Healthcare Administration who specializes on the following: organizational and leadership development, workplace planning, culture champion, talent architecture, employee engagement, and retention and growth within the long-term care market. Her objectives are to DELIVER progressive avenues and develop staffing models that lead with advanced directives in order to best serve our communities and patients.

Kendall Reeves-Copeland

Director of Talent Acquisitions

Kendall Reeves-Copeland serves as our Director of Talent Acquisitions for ML Healthcare where she directs and implements full cycle recruitment, retention, and leadership to our communities and companies, while ensuring ML provides the highest level of quality services to ML leaders and in meeting our commitment to DELIVER exceptional results and being the provider of choice in each community we are honored to serve.

**TOGETHER
WE DELIVER**
